Strong Families AZ Home Visiting Success Stories: *Sharing What We Have Learned*

The Eighth Annual Strong Families AZ Statewide and Tribal Home Visiting Conference *whose theme is* ***Home Visitors -You Build Strong Families,*** honors the critical role home visitors play in strengthening Arizona families. With the focus on home visitors, we would like to invite home visiting programs to share their successes with others.

At the 2018 conference, local home visiting programs shared extraordinary, innovative approaches to some of the most challenging issues faced by home visitors in the Community of Practice groups; proving once again that our greatest teachers are each other! We are inviting home visiting programs to once again, share what they have learned with others. This year, we are asking you to fill out a short description of an innovative practice that you have implemented to improve home visiting. It can be a simple time saving technique or a way to network resources in your community; anything that may be valuable to other programs. Just tell us how you improved your home visiting practice. We will be sharing the written stories at the conference and some of the programs will be invited to participate in a panel during a general session. The deadline for submitting your success story is **May 15, 2019**.

1. **In 100 words or less, please describe an innovative practice that your team developed to improve home visiting services.**

2. **In 100 words or less, please tell us how this practice improved home visiting services.**
